

The Power to Surprise

## The journey to a new destination...

The third generation Sorento introduces advanced technology, bold character lines and new levels of interior refinement in a strong and safe vehicle.

The design team went on a journey, to create an SUV with undeniable confidence and stunning sophistication. Their discoveries are seen in every aspect of the all new Sorento. Unique features, inspired enhancements and exceptional specification promise an unrivalled ownership experience.

The R&D team then drove a finished vehicle 1.1 million kilometres on differing surfaces and in a variety of challenging weather conditions to further refine build quality, reliability and performance.

This was our journey to the all new Kia Sorento. Now the journey is yours.

All information and illustrations are based on data available at the time of publication and are subject to change without notice. Contact your local dealer for current information.

## Powerful yet gentle

## SORENTO

# We've given the unthinkable quite a bit of thought

• Low-friction oil seal and chain guide

• 3-step Variable Intake System (VIS)

• Maximum power: 199kW @ 6,400rpm

• Maximum torque: 318Nm @ 5,300rpm

### Petrol Theta II 2.4 MPI

- Dual CVVT (Continuously Variable Valve Timing)
- Variable Intake System (VIS)
- Maximum power: 126kW @ 6,000rpm
- Maximum torque: 225Nm @ 4,000rpm

## Performance

Built for those seeking a powerful driving experience, the Sorento comes with three engine options; the highly efficient R2.2 Diesel packed with high torque, the Lambda 3.3 V6 petrol or the 2.4 Theta II four cylinder petrol engine.

### Diesel Turbo R2.2

- Lightweight cast iron cylinder block
- Highly efficient turbocharger
- Maximum power: 147 @ 3,800rpm
  - Maximum torque: 441Nm @ 1,750-2,750rpm

## **Driving Experience**

Synergy between the performance and drivability requires aerodynamic improvements to reduce wind noise and increase fuel economy, ultimately providing an outstanding driving experience.

The Sorento has a smoother rear body design, new distinctive rear combination lamps and a redesigned rear spoiler to reduce air resistance. The underbody surface was also streamlined by adding a flat engine cover extending throughout the floor pan. The front bumper lips and wheel deflectors were added to provide additional improvements resulting in 0.33Cd, which makes the Sorento one of the most aerodynamic mid-sized SUV's on the market.

Feel protected inside the Sorento cabin where you're surrounded by a safety cage design that's fortified with ultra-high tensile steel, a six-airbag SRS system, front and rear parking sensors, and a reversing camera. And after being thoroughly tested in countless crash simulations and actual collision tests, the Sorento received a 5 Star Euro NCAP Safety Rating.

### Advanced high strength steel (53% of the body)

Safety is the key source of competitiveness for mid-size SUV's and great effort was made to ensure the Sorento has exceptional safety performance, making it one of the safest SUV's for occupants and pedestrians.

### Six airbags

The Sorento offers dual front and side airbags for the driver and front passenger, plus two side-curtain airbags (first and second row) to help protect occupants and potentially reduce injuries in the event of a collision.

### **Emergency fastening device**

The first row seatbelts in the Sorento feature an emergency fastening device to remove slack and ensure optimal seatbelt restraint in the event of a collision.

Technology makes it all seem effortless

VSM helps ensure stability when simultaneously braking and cornering, or during rapid acceleration - especially on wet, slippery or rough roads.

## Trailer Stability Assist (TSA)

When towing TSA continuously monitors vehicle stability, and gently applies front braking if it detects a potential loss of control. If this isn't enough, gentle all-wheel braking is introduced along with a reduction in engine power until the Sorento and trailer are stabilised.

### Column Motor-Driven Power Steering

A firm, solid feel and unprecedented steering response are simultaneously achieved with electrically assisted power steering.

### Advanced Traction Cornering Control (ATCC)

In contrast to current AWD systems that control wheel-spin by braking a spinning wheel or cutting the power from the engine, the newly applied ATCC AWD system in the Sorento transfers torque to the wheels that have the most grip.

When understeer is detected, ATCC is activated before the operation of ESC to stabilise the behavior of the vehicle. ATCC controls the rear wheels' traction and the rear inner wheel's brake while cornering.

Automatic Vehicle Hold

your foot on the brake.

AVH is an extension of the electronic

parking brake, holding the Sorento at

a standstill without having to keep

Hill-start Assist Control (HAC) HAC prevents you from rolling backward when at a standstill on an incline by gently applying the brakes for up to two seconds while you move your foot from the brake to the accelerator.

### Idle Stop & Go (ISG)

When the Sorento is stopped in traffic the ISG system will shut off the engine, then restart it immediately when you take your foot off the brake, helping reduce emissions and fuel consumption. Note: Diesel only. Operation conditions apply.

### **Reversing camera**

This intuitive system combines audio and a wide-angle image from a camera at the rear of the vehicle to give you a comprehensive view of the space behind the Sorento while parking. Reversing guidelines are linked to the steering to help you navigate into tight spaces.

## SORENTO

# Driving enjoyment made easy

## Advanced Smart Cruise Control (ASCC)

ASCC uses a radar sensor at the front of the vehicle to monitor the distance between you and the vehicle ahead. To preserve a pre-determined safe distance, the system will apply the brakes, and even stop the Sorento if necessary.

### Drive mode select system

Easily select Normal, Eco, or Sport mode to suit your mood by using a button located on the centre console.

# Equipped to get you right where you want to be

Every day the road can present new challenges. The Sorento is engineered to use its own reflexes to keep you in control when tricky surfaces, inclines, twisting roads and unexpected moves by other drivers put you to the test.

Surround yourself with intelligent contours

## SORENTO

Satin-chrome finish Luxurious satin-chrome finish graces the inner door handles, air vent surrounds and other interior features, including the finish of the dials that let you smoothly adjust the temperature and direction of airflow.

## Rear air ventilation and power supply

Rear passengers can adjust airflow with vents and controls mounted at the back of the centre console. USB and 12V outlets let them charge a variety of devices.

### Multi-function steering wheel with auto cruise control

The multi-function steering wheel controls are positioned for ultimate convenience so you can operate the audio system, Bluetooth, automatic cruise control and the trip computer without having to take your hands off the wheel.

## 7" TFT-LCD supervision cluster

A high-visibility display in the centre gauge reports outside temperature, audio information, distance to empty, fuel consumption, turn-by-turn directions, drive mode and tyre pressure warning.

Height-adjustable front seats

## Seven seats for maximum flexibility

Partial and full folding of the rear seat rows provides numerous seating and cargo combinations for a perfect balance of passenger comfort and practicality, including convenient loading of long or odd shaped cargo and leisure gear.

## Ease of entry and exit

When the third row of seats is required, the second row left-hand passenger seat auto-folds and slides 270mm to let rear occupants in and out.

### Driver's seat thigh extension

To offer support and comfort for long-legged drivers, the cushion of the driver's seat can be extended up and forward at the push of a button on the seat base.

### One-button adjustable headrest

The driver and passenger seat headrests offer up, down and sliding adjustment with the simple push of a button.

## Interior features

Smart key With the smart key in your pocket or bag, you can unlock or lock the doors with the simple press of a door handle button.

Start/Stop button Leave the smart key in your bag or pocket and turn the engine on or off with the touch of a button, while pressing the brake pedal.

## Heated seats For cool weather comfort, heated first and second row seat cushions and seat backs allow adjustable heating for

the driver and passengers.

Ventilated seats On warm days, the driver and front passenger can

enjoy soothing cool airflow through the seat cushions and seat backs.

## **7<sup>°</sup> audio visual navigation system** Featuring a LCD touch screen,

satellite navigation, and reverse camera display.

The Kia navigation system is the quintessential travel companion combining navigation, trip information and a digital entertainment feature, making even the shortest of trips easier and more enjoyable.

## Dual-zone automatic climate control A/C

The dual-zone climate control allows the driver and front passenger to adjust their own personal temperature settings, while the system automatically maintains the desired climate.

## Six speaker sound system

Two tweeters and four door speakers provide superior sound quality.

## Bluetooth iPod and USB connectivity

Bluetooth hands-free lets you stream music and talk on the phone without taking your hands from the wheel.

# An SUV designed for all the lives we lead

Look and feel good on the road as the Kia Sorento exudes its strong and distinctive character wherever it travels. You'll be driving in luxurious comfort, confident in the knowledge that

A cargo hauler at heart...

Cargo underfloor storage compartment Stow larger valuables out of view in a separate, partitioned-off space under the boot floor.

Tailgate memory function

Your preferred opening height for the tailgate can be set and stored in memory. Just press and hold a button located under the tailgate when it's sitting at the desired height.

## Smart power tailgate

The rear tailgate opens automatically when the smart key is detected nearby for 3 seconds or more, and closes with the simple push of a button.

Cargo space Space isn't an issue with 1,662 litres of cargo space available when the second and third rows of seats are folded flat.

## The environment

,

## So you value sustainable living? We do too.

That's why we take pride in rising to meet the expectations and challenges of the 21st century while making tangible contributions to the preservation of the environment and sustainable development of society.

Our environmental research centre spearheads our drive for the production of clean hybrid and fuel-cell vehicles to lead the way to eco-friendly cars for a greener tomorrow for you, your children and all of us.

From design through to recycling, we create innovative products, adhering to state-of-the-art Design for Recycling (DfR) guidelines. Even at the end of your car's life, we aim for eco-friendly return and treatment.

Operating a rigid process, we guarantee environmental protection in the treatment of harmful waste substances. These are then recycled or recovered, ensuring the highest level of environmental protection.

As you can see, what you do on a small scale with your household refuse, we at Kia Motors do on a large scale.

All new Kia Passenger Vehicles come with an impressive 5-Year/100,000 km (whichever comes first) Warranty Programme covering against manufacturing or assembly defects. This warranty programme is transferable between owners and emphasises our commitment to our customers.

A Roadside Assistance Programme for the duration of the Warranty Period is also offered on every new Kia at no cost. In the unlikely event that your Kia has broken down, help is only a call away and trained staff will be despatched to your location. If a repair cannot be conducted on the spot, the vehicle will be towed free of charge to the nearest Kia dealer.

If you and your new Kia were unfortunately involved in an incident or crash that requires body repairs to your Kia, Kia Incident Care is here to help you, and is free for the first five years.

## Services

# Sponsorship

Halberg

Foundation

**Disability Sport** 

Transport used to be a major headache for the Waikato Bay of Plenty Magic netball team when it first started, but not any more thanks to Kia. Since 2013, we've been supplying a range of Kia vehicles to meet the varying needs of the squad, CEO and regional staff who look after the grassroots of the game. All of which makes getting to practice, games and clubs a whole lot easier!

## Australian Open

Kia Magic

Kia has been the major sponsor of the Australian Open every year since 2002, when Thomas Johansson and Jennifer Capriati were crowned champions. And with our new agreement through to 2018, we're set to become the longest running major sponsor in the event's history. Every year we supply Tennis Australia with more than 100 Kia cars to ensure the memorable and comfortable participation of the world's top tennis players, VIPs, officials and media.

### FIFA World Cup

Kia Motors Corporation, in conjunction with its parent company, has extended its agreement with the world football governing body, FIFA. Kia now has an unprecedented long-term commitment for sponsoring the FIFA World Cup<sup>™</sup> in 2018 and 2022 as Automotive Official Partner.

Part of this sponsorship is to supply senior FIFA officials with Kia vehicles to ensure a smooth running and enjoyable tournament, for players, officials and fans alike.

## Halberg Disability Sport Foundation

At Kia we're committed to supporting worthy causes in our local community, including the Halberg Disability Sport Foundation.

Started by Olympic champion Sir Murray Halberg (ONZ) in 1963, the foundation aims to enhance the lives of physically disabled people, their families and communities, by enabling them to participate in sport. CEO Geoff Burgess says the Kia fleet plays an important role in enabling the foundation to move around the community and further its aims. "It's been an excellent partnership, especially at our grassroots level (in terms of) linking physically disabled young people to sporting opportunities."
