

A talented compact

RIO

The Power to Surprise

The talented compact car

The talented new Rio is more dynamic and sleeker than ever before. With sophisticated new design detailing on the outside and smart technology on the inside, the new Rio is a stand out on New Zealand roads.

RIO

The perfect partnership...

Power from technology

Under the bonnet of the Rio hides a "Gamma" designated 1.4 petrol engine or a "U2" diesel engine that provides optimum performance with enhanced fuel economy. The Rio's engines are made from high pressure die-cast aluminum to keep weight down, resulting in better fuel efficiency. Their rigid ladder-frame construction also helps to reduce vibrations and noise. These are engines you can rely on.

1.4L DOHC CVT petrol engine

An engine that offers power while still keeping emissions low to Euro V standards, and features single continuously variable valve timing, a silent steel timing chain and offset crankshaft to deliver 80kW @ 6300rpm.

1.4L CRDi DOHC diesel turbo engine

With a combination of impressive power (66kW) and torque (240Nm), this engine features a common rail diesel injection system with an 1800-bar wastegate turbocharger. A diesel particulate filter helps reduce emissions to Euro VI standards.

RIO

...of power and safety

Six airbag system

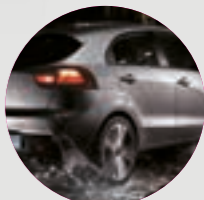

Reverse warning system

ESS (Emergency Stop Signal)

HAC (Hill-start Assist Control)

ESC (Electronic Stability Control)

Safety in the Rio begins from the ground up with the use of reinforced high tensile steel for the structural framework. Built to absorb impact forces in frontal, side-on and rear collisions, the car has achieved a maximum 5-star safety rating in both ANCAP and EURO NCAP crashworthiness tests, the highest possible safety standards in the world.

The Rio uses a range of advanced safety technologies to keep you and your family safer on the road. For example, there's a reverse warning system that sounds an alert if you're too close to another car or object. The ESS automatically flashes the brake lights to warn those behind you if you have to stop suddenly. HAC stops you from rolling backwards when you're starting on a hill and ESC gives you improved handling on wet, slippery and rough roads.

Talent that lasts

The Rio's superior design and safety features mean it will retain its great looks and drivability for the longest time. Kia's 5-Year Warranty Programme, Roadside Assistance and Incident Care give you continual peace of mind on the road 24/7 anywhere in New Zealand.

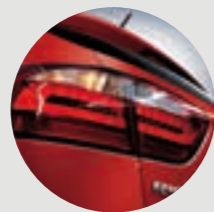

RIO

A personality that's sure
to attract...

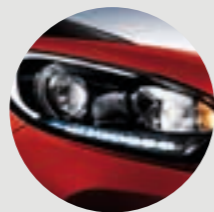

Smart cornering lights

The Rio's flair illuminates from every angle, not only enhancing its stunning looks, but also heightening safety. Smart cornering lights activate in low speed turns depending on the steering

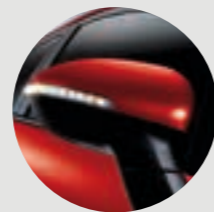

LED rear tail lights

LED daytime running lights

angle to shine additional light in your intended direction, and LED tail and daytime running lights are not only distinctive but also brighter, making you more visible to others on the road.

LED side indicators

RIO

...and high-tech refinement
at your fingertips

In the Rio's case, Kia's designers have engineered a car with features that are cutting-edge yet effortlessly simple to use. The multi-function steering wheel controls are positioned for ultimate convenience so you can operate the audio system, Bluetooth, automatic cruise control and the trip computer without having to take your hands off the wheel.

Supervision cluster with trip computer

The clear, back-lit trip computer in the centre of the supervision cluster gives you essential journey information, such as distance to empty and optimum fuel consumption.

RIO

Interior features

Smart key

A neat, compact device that lets you unlock or lock the car with the press of a door handle button when in proximity to the car.

Start/Stop button

Leave the smart key in your bag or pocket and turn the engine on or off with the touch of a button, while pressing the brake pedal.

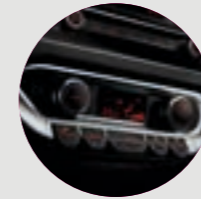

Telescopic steering wheel

The fully adjustable tilt and telescopic steering wheel can be positioned closer or further away from you, giving you greater control of your driving position, optimising your driving experience.

Auto de-fog system

A sensor detects moisture on the windscreen then automatically adjusts the heat setting and deploys the fans to de-mist the screen rapidly.

Auto climate control air conditioning

Set the interior temperature then relax as the system automatically maintains your desired climate. Meanwhile, a cluster ionizer keeps the air fresh.

Six speaker sound system

Groove to the deep bass, bright and consistent mid-range and detailed treble from Rio's state-of-the-art Arkamys Virtual Sound System.

Bluetooth and USB connectivity

Bluetooth hands-free lets you make and receive calls without taking your hands from the steering wheel, and also lets you stream music through the car's audio system.

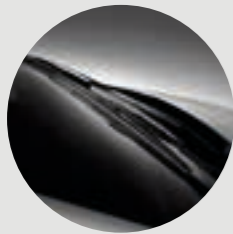

de la france
CAFE

The choice of talent is yours

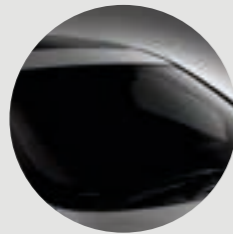

You're spoiled for choice when it comes to finding the right Rio for your lifestyle. Diesel or petrol, manual or auto and two levels of specification, the choice is yours.

RIO

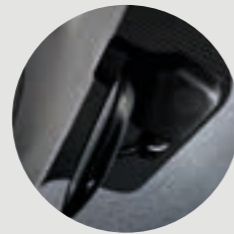

Features that heighten the satisfaction

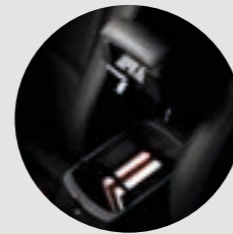

Aero blade wipers
Designed to reduce wind resistance, improving performance and fuel economy.

Solar control glass
Reduces the penetration of heat and UV rays for a cooler cabin.

Rain sensor
Senses raindrops on the windscreen when auto mode is selected and activates the wipers, then adjusts the speed accordingly.

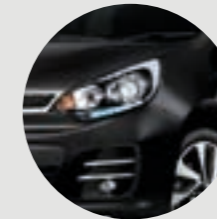

Sliding console armrest and height adjustable driver's seat
Adjust the console to further improve your comfort while driving, and raise or lower the seat position to give you optimum visibility.

The environment

ECO-CONSCIOUS

So you value sustainable living? We do too.

That's why we take pride in rising to meet the expectations and challenges of the 21st century while making tangible contributions to the preservation of the environment and sustainable development of society.

Our environmental research centre spearheads our drive for the production of clean hybrid and fuel-cell vehicles to lead the way to eco-friendly cars for a greener tomorrow for you, your children and all of us.

From design through to recycling, we create innovative products, adhering to state-of-the-art Design for Recycling (DfR) guidelines. Even at the end of your car's life, we aim for eco-friendly return and treatment.

Operating a rigid process, we guarantee environmental protection in the treatment of harmful waste substances. These are then recycled or recovered, ensuring the highest level of environmental protection.

As you can see, what you do on a small scale with your household refuse, we at Kia Motors do on a large scale.

Services

5 YEAR Warranty Programme

(UP TO 100,000KMS)

All new Kia passenger vehicles come with an impressive 5 Year/100,000 km (whichever comes first) Warranty Programme covering against manufacturing or assembly defects. This Warranty Programme is transferable between owners and emphasises our commitment to our customers.

5 YEAR Roadside Assist

A Roadside Assistance Programme for the duration of the Warranty period is also offered on all new Kias at no cost. In the unlikely event that your Kia has broken down, help is only a call away and trained staff will be despatched to your location. If a repair cannot be completed on the spot, the vehicle will be towed free of charge to the nearest Kia dealer.

INCIDENT CARE

If you and your new Kia were unfortunately involved in an incident or crash that requires body repairs to your Kia, Kia Incident Care is here to help you, and is free for the first five years.

Visit Kia.com/NZ for full details and terms & conditions.

Sponsorship

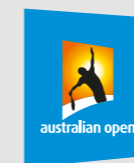

Kia Magic

Transport used to be a major headache for the Waikato Bay of Plenty Magic netball team when it first started, but not any more thanks to Kia. Since 2013, we've been supplying a range of Kia vehicles to meet the varying needs of the squad, CEO and regional staff who look after the grassroots of the game. All of which makes getting to practice, games and clubs a whole lot easier!

Australian Open

Kia has been the major sponsor of the Australian Open every year since 2002, when Thomas Johansson and Jennifer Capriati were crowned champions. And with our new agreement through to 2018, we're set to become the longest running major sponsor in the event's history. Every year we supply Tennis Australia with more than 100 Kia cars to ensure the memorable and comfortable participation of the world's top tennis players, VIPs, officials and media.

FIFA World Cup

Kia Motors Corporation, in conjunction with its parent company, has extended its agreement with the world football governing body, FIFA. Kia now has an unprecedented long-term commitment for sponsoring the FIFA World Cup™ in 2018 and 2022 as Automotive Official Partner.

Part of this sponsorship is to supply senior FIFA officials with Kia vehicles to ensure a smooth running and enjoyable tournament, for players, officials and fans alike.

Halberg Disability Sport Foundation

At Kia we're committed to supporting worthy causes in our local community, including the Halberg Disability Sport Foundation.

Started by Olympic champion Sir Murray Halberg (ONZ) in 1963, the foundation aims to enhance the lives of physically disabled people, their families and communities, by enabling them to participate in sport. CEO Geoff Burgess says the Kia fleet plays an important role in enabling the foundation to move around the community and further its aims. "It's been an excellent partnership, especially at our grassroots level (in terms of) linking physically disabled young people to sporting opportunities."
